

MUDGEE UNITING CHURCH

CANDLES

Care of your Candles

- *To minimise dripping and extend the life of your candles, keep wicks trimmed to 8-10mm.*
- *Dripping will also occur if candles are placed under fans.*
- *In extreme heat, store candles in cool cupboard or room.*
- *Make sure candles are not left in direct sunlight, or in hot situations, eg closed car.*
- *Candles can be gently dusted or wiped with a cloth.*

Thank you for ordering candles from Mudgee Uniting Church.

We hope that they enrich your worship, prayer and celebrations.

Again Jesus spoke to them, saying, "I am the light of the world. Whoever follows me will not walk in darkness, but will have the light of life." John 8: 12
